The Draw Bridges Night City Tour (St. Petersburg Night Tour)

St. Petersburg is a city with a ton of beautiful rivers and canals. With bodies of water come bridges. Spring in St. Petersburg means that the bridges of the city will be up until the month of October. Also, another great sight to see in St. Petersburg is the "[White Nights period](#)." The sun goes down around 12 am but it is not completely dark until around 3 or 4 am. This tour allows you to see the amazing scenes of the bridges at night, standing up with their beautiful lighting.
